About the Race

Children's Race

The history of the children's race dates back to 2015, when the first edition took place. The event has become an integral part of the main Sered'maratón race, and the organizers aim to continue this tradition to encourage children to take up sports and motivate them to train for the main race. The number of children participating increases every year. The participant limit is set at 250 children. Kids can compete in various categories and win exciting material prizes either in the children's raffle or in other competitions.
